

life changing opportunities

More than just a 'school' Greenfield Community College is an 'Expert Centre' as part of the Global Learning Programme (GLP)

The school shares expertise on development and global education with many partners across the North East.

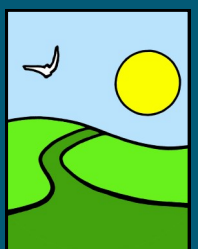

Greenfield is the proud holder of the International Schools Award.

Educational Visits

On average, pupils at Greenfield participate collectively in more than **100** educational visits each academic year ranging from visiting the town centre to museums, conferences, higher education centres, adventure centres and residential experience such as Outward Bound and the annual ski residential. All educational visits have specific learning objectives which are reviewed and monitored following the visit and extension work developed when back on the school site.

Greenfield Community College
A Specialist Arts & Science School

Greenfield Sport

Greenfield Community College enjoys the reputation of being a leading sports provider, judged twice in 5 years as outstanding and holder of the DFE Gold Kite Mark for competitive sport. This is enhanced by the Martin Gray Football Academy based at Greenfield Community College.

The PE department in school has been rated as 'outstanding'.

Our place on the world stage

The school has participated in several exciting international projects to give learners a greater understanding of the world in which they live.

We are heavily involved in the British Council's **Connecting Classrooms** project and have developed strong links with schools in Sri Lanka, Pakistan and South Korea.

We also enjoy established links with partners in India, Papua New Guinea, France and Morocco.
