## Candidate Information Pack

**Small enough to care, big enough to deliver a positive impact**

May 2016

## Executive Headteacher's welcome

---

Thank you for your interest in this opportunity to join Seaton Sluice Middle School from September 2016 as the **Lead Teacher - Science and Safeguarding**. This candidate information pack will tell you much more about the school and the role.

Seaton Sluice Middle School is one of three schools within the Seaton Valley Federation of Schools, together with Astley Community High School and Whytrig Middle School. We share a single governing body.

I am immensely proud to be Executive Headteacher of all three schools. We strive for excellence in the education we provide for our students and are a focal point for the local community. All three schools are rated as 'Good' by Ofsted. I strongly believe that the relatively small size of our schools provides a great environment in which to know our young people well, so that we are able to understand and respond to each individual's needs and enable them to succeed.

Our staff are very focused on ensuring students achieve their best without losing sight of those individual needs. We are always keen to learn from other professionals and have developed an excellent relationship with other schools across the north-east to ensure teachers have access to a strong Continuous Professional Development programme. Building up the skills and capacity of support staff is also a key priority.

I hope that the information within this pack will encourage you to apply for this opportunity. If you would like an informal discussion about the post or want to organise a visit then please contact **Steph Lindley, Head of School - SSMS** on **0191 237 0629**.

## Our ethos and values

---

We have three main themes to our ethos:

- 1. To be a school who knows each child really well both academically and pastorally as a complete young person.**
- 2. Everyone within the school is treated with respect and we expect that respect to be mutual.**
- 3. We expect and strive for everyone associated with the school to be as good as they possibly can in all areas of school life. We do not accept not trying and we are never ashamed of doing well and being proud of doing well.**

Our schools are small enough to care but big enough to deliver a positive impact.

All three schools in the Seaton Valley Federation share a set of core values. We expect that all members of our school community will:

- develop their self-knowledge, self-esteem and self-confidence
- respect the laws of England and will know right from wrong and ensure their actions reflect this
- accept responsibility for their behaviour
- show initiative and contribute in a positive way to the school community, the local community and society in general
- show respect for each other and all other people
- show tolerance and respect for different cultures and traditions and will never act in such a way that these cultures or traditions are abused or attacked
- show respect for the rule of democracy and respect for the democratic principles of England.

## About our school

---

Over the next few pages you will find the advert, job description and person specification for the post of Lead Teacher – Science and Safeguarding but we know that you will want to know more about our school.

We are a popular and thriving school with 316 pupils across 14 classes. One of our key priorities is to keep class sizes small as we believe this gives pupils – and staff – the best chance to succeed.

In Key Stage 2 there is a definite 'primary' feel to the pupils' learning, although they do have access to specialist teachers in French, PE, music and technology. Specialist teaching continues throughout Key Stage 3, enabling a smooth transition to high school.

Academic success is important and pupils achieve very well during their time here however we also offer a wide range of extra-curricular activities. Some are well-established such as sports clubs, computing, cooking, gardening and astronomy, others are new initiatives such as coding club. The school year is peppered with many events our students look forward to: the Fun Run, Year 8 showcase, School Production, Food-theme days, Charities Day and Awards Ceremonies.
