About the Academy

Thornhill Academy is an 11 to 16 secondary academy, with over six hundred students which occupies a large site in close proximity to Sunderland City Centre. Thornhill Academy is a unique school in its area, this uniqueness comes from the diversity of our student population. Across the school, students come from 14 different ethnicities, with 35 different languages. We are proud to be this vibrant and diverse community and have developed a culture that has moved far beyond tolerance and one in which we celebrate, learn from, and embrace our differences. The diversity of our community offers students and staff rewarding and deeply engaging experiences and supports staff on their journey to become inspirational and reflective practitioners, improving life chances for all in our community.

At Thornhill we take pride in developing each individual pupil to achieve their potential and make a positive contribution to society. We provide a safe, happy and nurturing environment in which we challenge all to strive for personal accomplishment and excellence.

Students, parents, staff and governors are proud of recent achievements here and, as well as helping students achieve the results they need to follow chosen career paths, has a huge and varied programme of activities and extra-curricular opportunities on offer.

Our Aims are to create an environment in which all take responsibility for their actions, behaviour and learning; relishing and learning from challenges. We want to create a safe, supportive and happy working environment in which diversity is celebrated and pupils and staff thrive. We have high expectations of all students in terms of behaviour and commitment to learning and of our parents in working with us as partners to support individual progress.

Thornhill Academy is a fantastic school and I believe it is our job to develop a lifelong passion for learning through high quality teaching which fosters curiosity and promotes independence. We are committed to recognising and developing the whole child: physically, emotionally, socially and intellectually, creating active and responsible citizens who lead a successful and fulfilling life.

Our young people tell us they are very happy here and we work closely with parents and carers to ensure a successful experience for all.

In December 2022, we were delighted to be named on the Department of Education's list of schools as part of the School Rebuilding Programme (SRP), being named in July 2023 as one of the fifty initial schools for development. We are now beginning the exciting journey to bring a state-of-the-art school to our community.

Centre for Professional Learning

The core driving force behind the Consilium Centre for Professional Learning is a desire to provide students with the best possible education, and the belief this can only be achieved if every colleague, regardless of role or career stage, has access to the high-quality professional development they deserve.

Every colleague, whether teaching or support staff, will be supported and developed through the professional development review process, which replaces traditional forms of performance management.

The professional development review process is focussed on the aspirations of the individual, ensuring that every colleague receives the support and development they deserve to achieve their own aspirations for their careers.

We believe our team of support staff are vital to ensure our schools are well-resourced, safe, compliant, and work as well as they can for the benefit of our students. In addition to the professional development review process, we commission and fund industry-standard qualifications for colleagues in support roles and are also able to support and fund teaching assistants, higher-level teaching assistants, and colleagues in student-facing pastoral and safeguarding roles, to qualify as teachers should they wish.

The Centre for Professional Learning works with and supports in-school leads for professional development to craft the best and most appropriate whole-school offers for their colleagues. We don't impose a central 'curriculum' for professional development, because the needs and priorities of each school are different.

However, we want to support each school to give due focus to whole-school priorities, with departmental training, middle leader training, and one-to-one development and coaching supporting fewer, more in-depth, whole-school messages.

All teaching staff will receive the following 'universal' offer from their school:

- Regular whole-school training, driven by the school's priorities and the in-school professional development lead, with support from the Centre for Professional Learning. This will be designed with the context of the school in mind with subject-specific and individualised training to suit the career stage and expertise of specific teachers. Regular subject-specific training within subject teams. This will draw on the whole-school training and ensure it is considered through the lens of applicability to specific subjects, year groups, and classes.
- Regular teacher-specific training. This will be owned and run by in-school teams, and may take the form of 1-to-1 instructional coaching or teacher learning communities, and is supported by the Centre for Professional Learning.
- Access to the relevant subject and other networks across the Trust, according to their role within school

In addition to this 'universal' offer, all colleagues across the Trust, whether teaching or support staff, have access to bespoke programmes of CPD matched to their own aspirations for their career. We partner with external organisations to enhance our offer to staff and will support staff with recognised qualifications where appropriate. We are keen to work with a range of partners who use the best available evidence to design rigorous professional development.

All Early Career Teachers (those in their Newly Qualified or Recently Qualified years) at Consilium Academies receive regular support from a mentor, regular instructional coaching, and regular training alongside their NQT or RQT cohort both within their school and across the Trust, with the opportunity to develop relationships with their peers across the Trust as part of our Early Career Teacher Networks.

We believe offering colleagues a strong induction to the teaching profession is of vital importance. We want to set our colleagues up for a long and successful career in education, and help them to provide the best experience possible for our students.
