Early Years Maths Lead NORTHERN LIGHTS EARLY YEARS HUB APPLICATION PACK

Welcome from the Director of Early Years

Thank you for your interest in joining the Northern Lights Early Years Stronger Practice Hub.

This is an exciting opportunity to be part of a nationally designated initiative, funded by the Department for Education, that is committed to strengthening early years practice across the North East. Our Hub plays a pivotal role in supporting the workforce, driving high-quality provision, and fostering collaboration across sectors to ensure the very best outcomes for children and families.

At Northern Lights, we believe that strong partnerships and shared learning are key to success. We work with a diverse range of settings and professionals, bringing together expertise and innovation to raise standards and promote excellence. Our vision is rooted in engagement, collaboration, and continuous improvement—values that underpin everything we do.

As Director of the Early Years Stronger Practice Hub, my passion is ensuring that every child has the best start in life. Our work is driven by the belief that high-quality early years experiences shape lifelong learning and wellbeing. We place children's experiences and needs at the heart of everything we do. By amplifying the voice of the child and mobilising evidence-based practice, we create a culture of continuous improvement that reflects what truly matters. Through supporting and empowering practitioners, we build capacity, share best practice, and create environments where children can thrive—where their voices are heard, their needs are met, and their development is nurtured for future success.

If you share our commitment to collaboration and have the drive to make a real impact, we would love to hear from you.

We look forward to receiving your application.

EARLY YEARS HUB NORTH EAST

Early Years Maths Lead

Required to start in January 2027

£500 per day

Every child deserves the best start in life. The earliest years shape future learning, wellbeing, and success. Through the Best Start in Life strategy, the Department for Education (DfE) is driving higher standards and strengthening the improvement system so that every child can thrive.

To support delivery of commitments made in the Best Start in Life strategy, DfE will be introducing Early Years Learning Leads (EYLL) for personal, social and emotional development (PSED), early language and early maths in each of the Early Years Stronger Practice Hubs (EYSPH) to provide support and training to early years educators.

EYLL will be based in EYSPH and will be responsible for:

- Improving outcomes for children by:
 - strengthening PSED, early maths and early language provision across early years settings by delivering high-quality Stronger Practice continuous professional development (CPD).
 - providing targeted subject specific support to early years settings to strengthen practice in PSED, early maths and early language.
- Actively engaging with subject-specific professional development and networks to deepen expertise, share good practice, and support high-quality delivery across the EYSPH area.

This document relates to EYLLs for early maths ONLY.

EYSPH help early years settings to adopt evidence-informed practice and build trusted networks for sharing effective practice. There are 18 Stronger Practice Hubs in England - 2 per region. The Best Start in Life strategy committed to doubling the number of hubs to 36.

The hubs are strong providers of early years education with sound expertise and knowledge of the evidence base on what works to support child outcomes – trusted local experts that other early year's providers can look to for advice and support.

For more information about EYSPH please visit: <https://www.strongerpracticehubs.org.uk/>

Please submit your expression of interest form to the Early Years Stronger Practice Hub via recruitment@nllt.co.uk by 9:00am, Tuesday 22nd September.

Your application will be assessed by a panel overseen by the EYSPH. We expect to respond to you with the outcome of our application by COP Tuesday 22nd September, applicants will be invited to a short interview in person.

If you have any further queries, please contact the Early Years Hub team at 0191 933 6771, and we'll be happy to help, or email on the above email.

Details of the Early Years Stronger Practice Hub can be found on our website:
<https://northernlights.education/nllt/northern-lights-early-years-stronger-practice-hub/>

We look forward to receiving your application.

JOB DESCRIPTION

Early Maths Lead (EML) – responsibilities

Overseen by the EYSPH lead and working closely with PSED and Early Language Leads, EMLs will be responsible for:

- Attending training delivered by a DfE appointed subject matter expert and engaging with follow up support provided.
- Developing and delivering a locally specific early maths delivery plan outlining plans for sustained support to educators and settings, based on local needs analysis and mapping of existing provision.
- Delivering DfE owned early maths professional development
 - Stronger Practice CPD – maths for educators working with children aged 2-4 module (based on the EYPDP3 maths module)
 - Stronger Practice CPD – maths for educators working with children under 2 module (new module)

EMLs will deliver each module to a minimum of one cohort (between 12-18 educators) per term. Each module will be delivered over 6-12 weeks and will include a welcome webinar, facilitation of 3 webinars of 90 mins – 2hrs in length each and support to educators during the course.

- Supporting early years settings/educators to select, adapt and embed evidence-informed approaches and interventions.
- Being an active member of a national and regional EML network, to share best practice and promote a joined-up approach across the 0–5 agenda, fostering greater coherence, consistency, and impact in service delivery involving Maths Hubs where appropriate.
- Working with local authorities across the North East and other relevant stakeholders e.g. Best Start Family Hubs, Maths Hubs etc to understand local needs, identify gaps, prevent duplication of services, and reduce the risk of fragmentation, thereby strengthening coherence across the local system.

- Maintaining accurate records of progress against Key Performance Indicators, impact and feedback from settings and other local stakeholders to inform practice and share with hubs and DfE.
- Lead network meetings and professional development sessions in line with hub delivery plan.

Time required for the role

EMLs will be funded to work 2 days per week during term time only. All EMLs will be required to complete relevant training for the role. Please see details below.

Training for the role

The DfE has appointed a Subject Matter Expert (SME) who will be responsible for providing training to all EMLs before they start delivering support. Full details will be provided by the SME but is likely to include:

- In person training on how to deliver the Stronger Practice CPD – maths for educators working with children aged 2-4 module (based on EYPDP3 maths module)
- In person training to deliver the new Stronger Practice CPD – maths for educators working with children under 2 module

Dates and times of the training will be shared with successful applicants.

The Education Endowment Foundation (EEF) will provide input and support to the SME on evidence-informed practice, professional development and implementation.

The SME will also:

- provide follow-up support and quality assure training delivery through 1-2-1 supervision sessions, observation of workshops/webinars delivered by leads, group webinars/drop-in sessions and peer to peer reviews.
- facilitate networking and collaboration to share best practice including one face to face and two online events during the year.

Other details

Successful applicants will be reimbursed for travel costs to attend training and national and regional networking events.

EMLs will be expected to provide support to educators and settings across the whole of the North East area covered by the EYP SH.

EML will be expected to start by January 2027. Funding for EML is available until the end of March 2028, with the possibility of extension to the end of March 2029.

PERSON SPECIFICATION

Early Years Maths Lead (EML)

CATEGORY	ESSENTIAL	METHOD OF ASSESSMENT
APPLICATION FORM	1. Well-presented and complete application form	Application

OTHER	1. Enhanced DBS with barred list check	DBS certificate

DBS:

EYSPH is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. An application for a DBS certificate will be submitted for all candidates once they have been offered the position. For posts in regulated activity, the DBS check will include a barred list check. During the recruitment process, any offences, or other matters relevant to the position will be considered on a case-by-case basis.

Any offer of employment will be subject to receipt of a satisfactory DBS Enhanced Disclosure.

Safeguarding:

EYSPH is committed to safeguarding and promoting the welfare of children and expects all staff and volunteers to share this commitment. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. To fulfil this

responsibility effectively, all professionals should make sure their approach is child centred. This means that they should consider, at all times, what is in the best interests of the child.

Equal opportunities:

EYSPH are an equal opportunity employer. We want to develop a more diverse workforce and we positively welcome applicants from all sections of the community. Applicants with disabilities will be granted an interview if the essential job criteria are met.

Artificial Intelligence and Recruitment at EYSPH

EYSPH is committed to embracing innovation while maintaining fairness and integrity in our recruitment processes. We recognise that candidates may choose to use AI tools to support the preparation of their applications. While this is acceptable, we expect all submissions to reflect the applicant's own experiences, values, and suitability for the role and it is essential that AI is used appropriately.

AI must not be used to:

- provide misleading or false information at any stage of the application journey
- inflate or invent qualifications, skills or experience
- complete assessments as part of the recruitment process
- create generic responses and copy them into your application

If you have any questions about the use of AI in your recruitment process with us, please email: recruitment@nllt.co.uk
